Aqua Door Shower doors are now SANS 1263 approved, which means that not only are they stylish, they are designed to be safe!

SANS 1263 Part 1:2013

Safety and security glazing materials for buildings – Part 1: Safety performance of glazing materials under human impact.

# What is your space?

Whatever size or shape your bathroom or ensuite, Aqua D'or an shower door to suit your needs.

## Recess Fit

For installations between two walls, from space saving Bi-Fold doors, to luxurious enclosures for families and couples. Available in square and rectangular formats.

## Corner Fit & Quadrant

The classic corner installation, whether a door coupled with a side panel or two doors for corner entry, there is a perfect solution. Available in square, rectangular, and round quadrant formats.

## Walk in Shower Panels

For a minimalist open plan room look and feel we have "walk in" to "walk through". We have a few modular solutions to create the bathroom design you aspire to, whether using a tray or wetroom.
